This is a free trout fishing event for children, students and the young at heart. There is no entry fee or a fishing licence required. However there is Free registration upon arrival. Participants' name enters a draw for a chance to win a prize, whether or not a fish is caught! Names are drawn throughout the day during the event. Some regional merchants have donated prizes for the children. Participants should be present to receive their prize. Food will be available for purchase until 4pm. "Hooked

On Fishing - Not On Drugs®" is a drug and alcohol free event. It combines the teaching of sport fishing, environmental conservation, and drug prevention and helps to bring families closer together. It provides students with a positive alternative from drugs through the sport of fishing. This international program is used successfully in a variety of ways by schools, churches, police departments and youth organizations.
